Dear Wayne:

As a result of our conversation, I have looked into the jobs we mentioned as possibilities for you. Based on current and projected staffing, it would appear that the only feasible choices would possibly be, although I cannot commit it at this time, the NPIC support job or one of the area divisions. At this time I cannot see an appropriate staff assignment. I have given thought to the possibility of creating a particular staff type of assignment, such as housing, for a year or so, but our tight ceiling restrictions really preclude the possibility.

Perhaps this meager information may help you in your decision making. If you do decide on retirement, we would appreciate as much advance notice as possible for planning purposes.

We returned to find the place still in "friendly hands," but I also returned to find a full plate of work awaiting me. I feel the Conference was a real success, and we are all indebted to your Station for taking care of us so well.

Best wishes.

Sincerely,

151
